

Discovery Health Record Solutions acquires Carolina Copyright of Columbia, SC

June 1, 2011 – Silverhawk Capital Partners portfolio company Discovery Health Record Solutions recently completed the acquisition of Carolina Copyright of Columbia, SC a regional leader in the medical record Release of Information or ROI services sector that provides services to fulfill medical record requests in full compliance with HIPAA and the HITECH Act.

“Founded in 2001 by Margaret Kleckley an industry pioneer, Carolina Copyright has established an outstanding reputation for service quality and customer satisfaction. “By joining forces with Discovery an industry leader, we will now have access to the technology and scale needed to meet our healthcare provider customers evolving needs as they adopt EMR systems and meet the compliance needs of new legislation”, said Margaret, CEO of Carolina Copyright, “and we will be able to maintain our high standards of customer service. We are pleased to be joining one of the nation’s premier Release of Information companies.”

“Our strategy is to acquire companies in our target markets, such as South Carolina, that exemplify our emphasis on customer satisfaction. By acquiring Carolina Copyright, we have met both these criteria, and look forward to offering our enhanced ROI service model to their customers, as well as additional services from our Document Management Services division that healthcare providers are seeking as they convert to EMR and eliminate paper charts and records,” remarked Doug Hollman, CEO and President of Discovery.

Discovery has now completed its fifth acquisition during the past twelve months as it continues to execute its growth strategy.

About Discovery Health Record Solutions

Based in Atlanta, Georgia, Discovery is one of the nation’s largest processors of third party medical record requests on behalf of healthcare providers. They fulfill medical record requests using comprehensive, technology based solutions that address the complexities and regulatory aspects of satisfying patient confidentiality, while helping customers reduce compliance risks, improve productivity and enhance profitability. The Company has agreements with hospitals, clinics and physicians in over 39 states to service the Release of Information (“ROI”) requests made by patients, other healthcare providers, insurance, governmental or legal entities. Discovery provides scanning, database management, HIPAA compliance and review, and delivery services to their clients.
